

CULINARY DELIGHTS AT THE UPPER BÖRS BANQUET RESTAURANT FOR OVER 100 YEARS

The Upper Börs's Art Nouveau style dining room and its cabinets offer an excellent venue to hold company occasions, to have dinner with company clients, friends and family. This charming restaurant, which emanates the spirit of the Art Nouveau era, has become a familiar dining venue for people living in Turku and to many of our hotel guests, whether they come in pairs, groups or to have breakfast. Indeed, Börs has functioned as a restaurant and hotel for over 100 years!

The impressive stone building was built in 1831 and in 1898 Ms Wallina Valtin from Stockholm became manager of the restaurant. During her time as manager, Börs quickly became one of Turku's most popular restaurants. Ms Valtin expanded Börs into a top hotel in 1904. During this time, Börs began to host various performances with actors, singers and jugglers to entertain customers. One of Börs's cabinets has been named after her.

The times and fashion have changed, but our values have not; our caring service and delicious cuisine guarantee that your occasion will be a successful one. We still organize programs at the request of our customers, and cheerful conversation and laughter fill our restaurant. We will make your cocktail parties, birthdays and anniversaries, Christmas parties, and weddings a success. We will serve your group a delicious buffet meal or we can serve dinner to your table, the choice is yours.

For us, everyday is worth a celebration – we guarantee you'll enjoy your time with us!
